

Parish Day School
Where Children Spread their Wings!
Partners in Education

Please join over 130 Parish Day School families, and nearly 300 church families in supporting a school that has been around since 1962! We would love to partner with you, a local business to continue to expand the superior educational environment at PDS! We are committed to providing the highest quality learning environment which is evident through our National Association for the Education of Young Children (NAEYC, www.naeyc.org) accreditation, Department of Social Services (DSS.virginia.gov) license and our Star Rating. We are one of very few preschools regionally that has earned a 4-star quality rating with the Virginia Star Quality Initiative (VSQI, smartbeginnings.org). PDS strives to promote the spiritual, social, physical, emotional and cognitive growth of every child through play, the arts and other experiences that allow the child to explore the world around them! Let's work together to increase opportunities for our children!
